READING A NARRATIVE

Name of Narrative _____

Use this form to guide your research about this narrative. As you read, record what you objectively learn, draw conclusions, and then generate questions for further investigation. Also keep in mind the essential questions presented in Lesson Three.

What information can you learn from this narrative? (What is happening and where?)

What are the facts about the time period? (When?)

What do you already know, based on personal experience or from studying, that relate to this entry?

What questions does this entry raise? What else do you need to know?

What information does this document give you about the time period?

What unique vocabulary did you encounter?
